Ideas for change

Here is a summary of suggestions for change made by tangata whaikaha and other people working with children:

- Think about the needs of tangata whaikaha, especially tangata whaikaha Māori, before creating or changing a service.
- Services need to be welcoming to everyone, fair and just, and well-funded.
- Access to services should be fair and based on need – not on medical history.
- Community services should receive help to protect the rights of tangata whaikaha.
- Government systems should protect you the same whether you are disabled or not.
- Tamariki whaikaha (disabled children) in care should experience an ordinary life.
- People working with tangata whaikaha should get help to communicate in different ways.
